Chunli Wu, College of Transportation, Jilin University, No.5988, Changchun 130022, China. ... Using equation (12) in equation (11), we obtain. Read more Chunli Wu, College of Transportation, Jilin University, No.5988 St., Changchun 130022, China. Email: chenrui00@gmail.com. ... Using equation (12) in equation (11), we obtain. After substituting the data, equations (1) and (2), we get. Using equation (11) in equation (12) and considering the relationship between the coefficients, we obtain. Given the data, equations (1) and (2), we get. This equation has 2 unknowns, and its value, can be found using the formula. Then, we obtain. Hide
