Here's a good article on minimally invasive approach to show acne scars. If you have round, red or white scars, you should consider derma fillers in order to heal them. This treatment usually works best on the face and the arms, but may be helpful for any other body part with scars. The product we inject under the skin, hyaluronic acid. It is the only product approved by the Food and Drug Administration (FDA) for use in the treatment of facial scars, and is guaranteed to last up to 12 months. The collagen formation is the reason of its high efficiency, since the component that we inject in their formula is derived from human collagen. This procedure may be improved with the use of other products, such as vitamin C, because of its anti-inflammatory property. Juvederm Ultra XC Juvederm Ultra XC is an injectable dermal filler that is highly effective in correcting wrinkles, folds and scars on the face. The product is produced for up to 12 months, so it may be a good choice for mature-age patients. It contains a new generation of cross-linked hyaluronic acid dermal filler, featuring significantly improved stability, resulting in a longer lasting effect. Hyaluronic acid is one of the two main components of the dermal filler. It is a naturally occurring glycosaminoglycan, a water-binding glycoprotein. New Juvederm Ultra XC comes with an impressive cooling sensation that is not unpleasant at all. The treatment is very quick, so the patient can go to work immediately after the procedure.
