I can't even remember how many hours I've plowed through AG2P. It's been a long haul, but I've been looking forward to it since day one.

AG2P is filled with superbly crafted dungeons, an engaging story, and some of the best gameplay in 2015.

This game has a story that really stretches your boundaries. It's easy to get lost in its odd narrative, as it twists and turns, but the payoff is definitely worth the journey.

The storyline is much like a big mystery with a lot of questions that I'm still dying to be answered.

Regardless of how deeply you delve into the story, there is a lot to experience here. Not just dungeon racing: explore the lands beneath your feet and step into this gritty, yet whimsical world. It's the strong in-game design that makes this game so addictive.

This is the quickest gaming experience I've ever had. I can usually sit for hours at my computer as an expo arena greets me with a long eternal loading screen. But, there's just no waiting around in Arcane Gates 2 Party Play.

With no loading screens or stalling in the action, it's easy to forget about all the extra time in the open-world and focus on just getting to the next breathless moment.

Q: Why did Hermione not tell Harry about the centaurs during their first encounter? In Chapter Two of Harry Potter and the Prisoner of Azkaban (Order of the Phoenix), Hermione tells Harry about the centaurs of Azkaban. However she does not tell Harry about the fact that the centaurs were just captured and pushed into the Hogwarts Bathroom. As shown in this picture. This doesn't seem to be out of character as we know that these things: Early in the first year, Harry and Hermione go to the zoo at Warner's Wizarding World of Harry Potter, Warner Bros. Studio Tour (one of the few places where there are a large number of portraits in Hogwarts) An earlier meeting with Ginny Weasley and Hermione occurs at the Whomping Willow, a meeting that results in Hermione and Harry going to the Burrow with Ron and Ginny However in Chapter Four of Harry Potter and the Goblet of Fire, (the one where they go to the basilisk), Hermione does not mention to Harry about the centaurs being in Azkaban. I mean in the extended edition we see this scene where the centaurs are detained in the Hogwarts Bathroom, but Hermione didn't know about this, and it was only because of her research that she found out. Why did she not tell Harry about this during their first encounter? A: Hermione didn't tell Harry about the centaurs at all She simply did not tell Harry about the centaurs. You are confusing How did Hermione know about the centaurs? that is what she tells Harry in the scene you posted With the help of transfigurations, Hermione learnt that
