• The Elden Ring is the central governing body of the Lands Between. They were established in the Age of the Sun, and it was here that the many races that lived in harmony with each other met for the first time. They guarantee peace and harmony for those living in the Lands Between. • They are a peaceful entity. They do not wage wars with other races. They also do not impose their will on others. They provide guidance and instructions for those living in the Lands Between. • The Elden Ring is composed of members called Elden Lords. These Elden Lords are descendants of the original Elden Lords, and they are spread across the Lands Between. Their task is to maintain order within the Lands Between and the world at large. • The game begins with a simple quest within the Lands Between: to defeat the evil forces that threaten its peace. The story will unfold as you come face to face with these forces. • The game has a variety of story elements. In addition to multiplayer, there will be other types of content that is announced in advance. For more information, please visit the official website at ExcelCod Co., Ltd. ## **What's new in Elden Ring:**

• **Graphic Quality that Illuminates with Light** One example of the sense of scenery is set using a new component invented by our character artist Otani, the dynamics of light. Additionally, dynamic lighting effects when exploring the fields allows you to enjoy spectacular views while playing. • **A Zoning Feature that Allows you to Engage in Battle** If you include allies in your party, even near-death, an attacking friend appears for support, hindering the enemy's ability to attack. This feature allows you to explore this unfamiliar world and enjoy intense battles, all by keeping your friends close.

**We will announce details on the closing event in the coming month. Until then, we're looking forward to the rhythm of victory over your friends and your foes with you. If you'd like to know more, please check the Nexon Forums, or H2Online.**

**We announced the "Tarnished character approval" feature in response to growing demand. Tarnished characters can now be validated through the Tarnished Character Application.**
